

# Keep Your Distance -

Maybe capo 3, if you're that kind of person; Richard Thompson

VERSE :

**D** **G**  
If I cross your path again, who knows where who knows when  
**D** **G** **A**  
On some morning without number on some highway without end  
**D** **G**  
Don't grasp my hand and say, fate has brought you here today  
**D** **A** **G** **D**  
For fate is only fooling with us friend

CHORUS :

**G** **D**  
Keep your distance, keep your distance  
**Bm** **A** **G** **A**  
When I feel you close to me what can I do but fall  
**G** **D** **G**  
Keep your distance, keep your distance  
**D** **A** **G** **D**  
With us it must be all or none at all

VERSE :

**D** **G**  
It's a desperate game we play, throw our souls, our lives, away  
**D** **G** **A**  
Wounds that can't be mended and debts that can't be paid  
**D** **G**  
Oh I played and I got stung now I'm biting back my tongue  
**D** **A** **G** **D**  
I'm sweeping out the footprints where I strayed

CHORUS
