All the way home

B7 / E7 / B7 / E7

Samson found an ass

Samson found a bone

Samson smote the Philistines

All the way home

He struck them on the hip

He struck them on the thigh

He slew them in a frenzy

Then he ran to Etam high

Honey ran black

Honey ran gold

Honey ran red

From the Philistines souls

Honey in the rock

Honey in the stone

Honey in the lion's head

All the way home
