

Homunculus (sjl, Aug 2019, played as a walking blues))

Yeah we've [G]all seen potatoes shaped like presidents
And we've [C]all seen carrots that could be wearing pants
We've [D7]all had a feeling that we're not alone
And [C]Time ain't the only thing [G]gnawing on our bones
Prescient [C]vegetables. [D7] Homun[G]culus.

Yeah we've [G]all seen the lady on the subway seat
Who [C]looks like Dustin Hoffman in the role of Tootsie
And we [D7]know that public staring is dangerously rude
But there [C]aint nothing else that [G]we can do!
Strange [C]visage. [D7] Doppel[G]ganger.

Hey is [G]that the guy that worked at Joe's years ago
And is [C]that the gal who made me blush - oh what a crush
They don't [D7]look a day older though it's forty years passed
It's the [C]warp, Baby, it's my [G]memory passin' gas
Same river [C]twice. [D7] Shiver like [G]ice.

Now they're [G]all gazing at me, Veggies, Tootsie and the rest
Trying to [C]work out what they're seeing, keepin' close to the vest
Thinkin' [D7]Who's that old guy, why's he staring at me?
He looks [C]a lot like What's-His-Name [G]used to be
(2x) Time [C]passes. [D7] In [G]Circles.
