```
C                   D#
Gotta get up, gotta get out,
D                            G#  G    C
gotta get home before the mornin' comes.
             D#
What if I'm late? Got a big date,
D                            G#  G    D
gotta get home before the sun comes up.
               F
Up and away, got a big day,
E                              Bb    A    D
sorry we can't stay, I gotta run, run, yeah.
                 F
Gotta get home, pick up the phone,
E                              Bb        A
gotta let the people know I'm gonna be late.

C  G    C  G (bass notes:  C C# D G)

C                G                                    C
There was a time when we could dance until a quarter to
 G
ten.
```

```
                              C            G
We never thought it would end then, we never thought it
       C    G# G
would end.
C             G                              C            G
We used to carry on and drink and do the rock and roll.
                            C
We never thought we get older
G                             C        G# G
We'd never thought it'd grow cold but now
```

Chorus

```
Down by the sea she knew a sailor who had been to war.
She never even knew a sailor before, she never even knew
his name.
He'd come to town and he would pound her for a couple of
days
And then he'd sail across the bubbly waves and those
And those were happier days, but now
```

Chorus
