

JET TRAIN

(chorus)

A

The jet train has been left to rust.

D

The concept was a total bust.

F#m

And now our trains move like a snail

E

A

E

While other countries have high-speed rail.

A

In 1966 we set aside the steam,

D

We took a pair of jet engines to build a railway dream.

F#m

The Soviets made their own just to prove they could.

E

A

E

A cold war competition does nobody good

(chorus)

A

The trains they made a run went one-hundred fifty plus

D

But were too loud and too expensive and not worth the fuss.

F#m

And while our countries quarreled, Japan and France made way

E

A

E

With TGVs and bullet trains still in use today

(chorus x2)
