

## Lavender Cadillac (in D)

*capo fret 1 to play in original key of Eb*

**D G D**  
I had a dream I went out ridin'  
**Em A D**  
Along the avenue  
**D G B7**  
I drove a car made out of orchids  
**E7 A**  
And the people all cried "ooh ooh!"

**D G D**  
I want a lavender Cadillac  
**D G D**  
I want a lavender Cadillac  
**D G B7**  
And if you help my wish come true  
**E7 A D**  
I promise I'll be good to you

**D G D**  
I want a lavender Cadillac  
**D G D**  
With lots of chrome on the front and back

**D G B7**  
Give me a car that's sugary

**E7 A D**  
And I'll be lovin' you away

**G7 A7 D**  
I want to be your honey  
**G7 A7 D**  
Be there when church bells chime  
**Em A7 D**  
But if you don't have that money  
**Em A**  
Then I just don't have the time

**D G D**  
A mind just travels along one track  
**D G D**  
I want a lavender Cadillac  
**G A B7**  
Don't want it green or blue or black  
**G A D**  
I want a lavender Cadillac

**G7 A7 D**  
I want to be your honey  
**G7 A7 D**  
Be there when church bells chime  
**Em A7 D**  
But if you don't have that money  
**Em A**  
Then I just don't have the time

**D G D**  
A mind just travels along one track  
**D G D**  
I want a lavender Cadillac  
**G A B7**  
Don't want it green or blue or black  
**G A D**  
I want a lavender Cadillac

**D F#7 G7 Ab7 A7 (STOP)**

**D6**  
And I want it today...
