

## I WANT TO BE YOUR SECOND BEST - David Neustadt

### Chorus

Second best. Second best  
I want to be your second best  
Please give my broken heart a rest.  
I want to be your second best.

You are like a raging storm  
Your so-called love don't keep me warm.  
You look down on me from above,  
That's no way to give real love.

### Chorus

Promises from your silver tongue.  
On the rocks they're carelessly flung.  
Your own praises you loudly sing  
Grief is all you ever bring.

### Chorus

Please treat me like all the rest  
Let me flunk your awful test.  
Release me from this bloody mess  
Let me be your second best

Second best. Second best  
I want to be your second best  
Please give my broken heart a rest.  
I want to be your second best.

Second best. Second best  
I want to be your second best  
Release me from this bloody mess  
Please give my broken heart a rest.  
I want to be, I want to be, I want to be  
your second best, your second best, your second best.
