A long drive into the city
F. C. G
For a five year old on a school night
C. Em
I didn't know what chemo meant
F. C. G
But I liked those hospital lights

Chorus

F
She wore a bandana
C
I didn't know why
G. C
never saw her without it again
F
She wore a bandana
C
I didn't know why
G. C
But I never saw her cry

Verse 2

I recall a day, my father came to school early
And whispered in the teacher's ears
I can still see her big green eyes
filling up with tears

I really don't like sad songs
I know that's what I tend to devise
So I don't know the last time I saw her
But I do remember her eyes

Chorus
