

## When She Lifts Her Crown - Stumpy, FLASH May 2022

The [C#m] arms of the queen, when she [B7] lifts her crown  
they [A] jiggle and they wobble and the [B] skin hangs down  
And [C#m] that's not the way that it [B7] used to be  
[A] "But that's not the worst thing, [B] between you and me"  
[A] She says "No, that's not the worst thing, [B] between you and me"

The [C#m] arms of the queen used to [B7] hold the king  
used to [A] hold her babes, used to [B] hold the reins  
The [C#m] ears of the queen they [B7] hear the truth  
No [A] matter what lies are [B] told to soothe  
And the [C#m] mind of the queen is [B7] sharp as nails  
it [A] burns with the past and it [B] never fails

It [A] burns with the past and it [B] never fails  
"And [A] that's the worst thing," she [B] likes to say  
"Yes, [A] that's the worst thing," she [B] likes to say
