

# It Matters - Stumpy, FLASH, August 2022

[play through a full verse]

[C] Once we had a house / [G] it sat up on that hill  
[E7] Caught the morning light and crackled / [F] with the evening chill  
But now it's [C] gone / what does it [G] matter?  
The house is [C] gone the [G] house is [C] gone what [G] does it [C] matter  
[G] house is [C] gone

[C] Once we had a song / [G] that I would sing to you  
[E7] I'd sing it in the morning / [F] and when the day was through  
But now it's [C] gone / what does it [G] matter?  
The song is [C] gone the [G] song is [C] gone what [G] does it [C] matter  
[G] song is [C] gone

[C] Once there was a summer / [G] it warmed us through and through  
[E7] The sun shone through the trees / [F] and in the dappled light was you  
But now it's [C] gone / what does it [G] matter?  
The summer's [C] gone the [G] summer's [C] gone what [G] does it [C] matter  
[G] summer's [C] gone

[solo on verse chords]

[C] In my every heartfelt song / [G] there's just a little bit of truth  
[E7] Sometimes of what is here / [F] but mostly of the things I fear  
And I [C] sing them / because it [G] matters  
To keep [C] away the [G] things I [C] fear [G] to keep [C] away  
[G] the things I [C] fear

[C] Well we still have that house / [G] and we still have that song  
[E7] I sing it to you darlin' / [F] all the summer long  
Because I [C] love you / and it [G] matters  
That we're still [C] here, yeah [G] we're still [C] here, yeah [G] we're still [C] here, yeah  
[G] we're still [C] here
