

My French Ain't So Good - Stumpy, FLASH August 2022

(Just kind of cowboy folky)

[1] Well I admit that I get pretty [4] wound up
Too [5] excited and over the [1] top
But if you hadn't mentioned my [4] mother
I [5] might have been able to [1] stop

Touche, touche i heard you say
And my mind went just all black and red
My French ain't so good and I'd takeitback iflcould
But you'd already lost your head

What happened next I don't remembah
But I thought you'd cursed my Mom's pudenda
My French ain't so good and I'd takeitback iflcould
But it's hard to reattach one's member

Yeah in pieces you lay
I regret it to this day
And I always carry it as
a lesson

There are French words for bread
For love and and god above
But there are French words that just leave you dead
There are French words that just leave you dead
