

Crazy Big Old Fish , Jed Rivers

G G7
So you think you're a big fish - don't you?
C C7
Sucking guppies as they swim on by.
G G7
Lying belly up with knives sticking through you.
D7
Too many in your mouth for you to cry.

What a way to exist in this world
What a way for you to swim on through?
Is your comfort keeping you in Stetsons?
Do you dream about a better view?

Crazy how we went and set this place up
Crazy that we act as if it is all ours
We keep on feeding on the little ones don't we?
We keep on eating up until it fills our bowels.

As we're crossing to a new world coming
As we'll soon need to decide upon our way
Will we stay with our mythical saga?
Will we look to a new found day?

What a way to exist in this world
What a way for us to move on through?
Is your comfort keeping you in Stetsons?
Do you dream about a better view?
