

Dance Little Jessie, Dance

-Toby

C
Look who got released last night
C7 **F**
Planted hands on quadriceps
C
tallied weeks on prison walls
C7 **F**
Little Jessie knows his steps
C
time to dance his feet were hot
C7 **F**
A little push and pull
C
He was younger than the day
C7 **F**
The floor was dry and full

C
Don't say no one taught you how
C7 **F**
Steal some tricks from part time punks
C
Full time shifters worried minds
C7 **F**
Lost soul kids and drunks
C
City rats and traffic cops
C7 **F**
And tipped off maitre d's
C
Back door gangsters, frontline grips
C7 **F**
All now you and me

Dm **G**
Come out to the tent tonight
C **C/B** **A**
Bass drum pounding like your heart
Dm **G**
Disappear inside the crowd
E7 **Am**
it's time we start to start again
F **Fm**
And again Dance little Jessie dance

C C C7 F x 2

C
In the sandy wilderness
C7 **F**
the belly of the beast
C
You've got nothing else to do
C7 **F**
But dance... shall be released
C
Prophet Miriam, Aaron's sister
C7 **F**
took a timbrel in her hand,
C
all the women followed her
C7 **F**
with timbrels rocked and danced

Dm **G**
Come out to the tent tonight
C **C/B** **A**
Bass drum pounding like your heart
Dm **G**
Disappear inside the crowd
E7 **Am**
it's time we start to start again
F **Fm**
And again Dance little Jessie dance
