

Naive Little Fish Union Organizing Song - Stumpy, FLASH Sept. 2022

[C] You know it didn't always used to be this way
[C] Size didn't always hold the sway
Back when the [G] little fish
They ate the [C] big fish

It's hard to believe when you watch the news
All the little fish out there crying the blues
Cause the big fish
Is going to eat them

[F] But I remember like it was yesterday
[C] Little fish used to lead the way
[F] By the zillions they were out in the schools
[C] Nipping at those big [G] old fools

[NC] C'mon, fellas and gals, let's form a union

[C] You know it didn't always used to be this way
[C] Size didn't always hold the sway
Back when the [G] little fish
They ate the [C] big fish
(It's hard to digest, but) the [G] little fish
They ate the [C] big fish
