

Hey I've Got A Question - Stumpy, FLASH Nov 2022

(In 3/4, sometimes D G A, sometimes G D A D. Just follow the leader.)

Hey I've got a question / A question to ask
Can't leave it alone / Can't just let it be

It gnaws at my bones / It eats at my heart
Hey I've got a question / Between you and me

Tell me where do I stand / Tell me what people say
I know I can take it / Just serve it up straight

No don't sugar-coat it / Just tell me the truth
I know I'm not perfect / But I don't think I'm bad

And the mirror stays silent / The mirror won't budge
It don't tell no secrets / It don't hold no grudge

Just a perfect reflection / Of the poor soul before it
If it has any answer / It's 'See for yourself'
