

Tomorrow We'll Know the Truth - Toby
G drone

A G A G A G A G A G G G G G G

Purple flooded sky
Don't you see it fading
Please stay for a minute more
Soft wind in the room
Don't take it for granted
Push the window sash up high

Everyone's got questions
Cause nobody knows you
Today is for the liars
Tomorrow we'll know the truth

I don't have much patience
I don't have much time
Wherever you wanna go
Wherever you say is fine

Tomorrow we'll know the truth
