

## Whatcha Gonna Give Me - Stumpy FLASH

(1 4 5. A uke player will say A, and a guitar player will say E)

Whatcha gonna give me when we go?  
Whatcha gonna give me when we go?  
I can't give you no silver and gold  
But I'm gonna give you my hand to hold  
That's what I can give you

Whatcha gonna tell me when we go?  
Whatcha gonna tell me when we go?  
I got no secrets that will blow your mind  
But I'm dying to tell you how you melt my spine  
That's what I can tell you

Where we gonna go to when we go?  
Where we gonna go to when we go?  
Let's take a fine walk around the block  
Let's show off my grin and your pretty red smock  
That's where we're gonna go to

(A fine place for some solos)

Tell me what'll we do when we come back home?  
Tell me what'll we do when we come back home?  
We can find a little spot to be all alone  
Turn off the lights and turn off the phone  
That's what we'll do when we come back home.

[Repeat first verse]
