Out of nowhere suddenly you're here
G Dm
Suddenly your at my door
G Dm
You suddenly appear
G Dm
You suddenly adore

C F G
In my dreams I've been awaiting you
C F G
In my dreams we're in a car
C F G
In my dreams we're on a wild ride
C F G
In my dreams we're going far

Suddenly you're calling me
Suddenly you cry
You suddenly strike up the band
So suddenly alive

In my dreams I am living fast
In my dreams I am the king
In my dreams you turn and look at me
In my dreams you start to sing

In the morning suddenly I wake
Suddenly you're gone
And the dream I barely recognize
Suddenly alone
