

Another Year -

G **Em** **G** **Em**
G **Em**
Another year has come and gone
Am **D**
can't even remember all we've done
G **Em**
There were laughs and there was ache
Am **D**
There was mud and so much cake
C **D** **G**
And as images get **so** confused **inside** my head
Em **Am** **D** **Em**
I **know** that you are **gonna** grow in **ways** I'll never **know**
Am **C** **D** **G**
Yes you are gonna grow in ways I'll never know
G **G**

G **Em**
I used to know you like a song
Am **D**
All your verses, yeah I knew them easily
G **Em**
But you keep **changing**, rearranging, It's not
Am **D**
Strange, now you're more than a symphony
C **D** **G**
And as **melodies** get **so** confused **inside** my head
Em **Am** **D** **Em**
I **know** that you are **gonna** grow in **ways** I'll never **know**
Am **C** **D** **G**
Yes you are **gonna** grow in **ways** I'll never **know**
G **G**

G **Em**
Another year will come and go
Am **D**
We won't know what each one brings
G **Em**
We tried so hard to dry your boots
Am **D**
But now it's time you stretch your wings-----
D7 **D6** **D7**

C **D** **G**
And as **another** year gets **so** confused **inside** my head
Em **Am** **D** **Em**
I **know** that you are **gonna** grow in **ways** I'll never **know**
Am **C** **D** **G**
Yes you are **gonna** grow in **ways** I'll never **know**
Em **C** **D** **G**
Yes you are **gonna** grow in **ways** I'll never **know**-----
