

High & Lonesome Howl - Stumpy FLASH Feb 2023

Sing it with dog-like emotion.

I don't know how to show this in the notation, but in that climbing B part you start with A in the 1st position and the 2nd A is up the neck.

[A] We'll I'm a lost dog darling

[D] Got a high & lonesome [A] howl

[A] Yeah I'm a lost dog darling

[D] Got a high & lonesome [A] howl

You know I [E7] slipped [E7] my [E7] leash [E7] an [E7] hour a[E7]go [D]

[n/c] Now I'm lost and can't be [A] found

[A] Every body wants to kick at me

[D] When I come a snuggling [A] round

[A] Yeah every body wants to kick at me

[D] When I come a snuffling [A] round

[E7] Ain't [E7] no [E7] one [E7] got a [E7] treat [E7] for you [D]

[n/c] When you're lost and can't be [A] found

[A] We'll I [G] had a [G#] home with a [A] real fine [A] gal

I [G] got a little [G#] cocky, felt [A] too tied [A] down

[G] Thought maybe [G#] I should [A] go to [A]town

[A] That did not [D]work out for me

Maybe the first verse again
