

This street, Jed Rivers

2 bar intro

(E) This street runs on forever
(A) it was paved before my time
(B7) It runs on and on forever,
It keeps runnin' on down the (E) line

It was dug out by the footsteps
It was trod on by feet of clay
It was paved by fallen heroes
Just trying to make their way

I've seen caravans full of people
Walking on from pretty far
Looking down that road ahead
They all are following their own star

This street runs on forever
it was paved before my time
It runs on and on forever,
It keeps runnin' on down the line
