

Silence Is Golden - Stumpy, FLASH April 2023

[n/c] I say now [G] hush little baby
You know that [A] silence is golden
There's just [D] you and me in this tiny little room
And your hollerin' is going [D boom [D] boom [D] boom
Then your face turns blue while your breath you're [G] holdin'

[n/c] I say now [G] hush little baby
You know you're [A] driving me crazy
[D] I don't want to be here any more than you
[D] And I don't want to deal with your [D] poo [D] poo [D] poo
It's like the turn of a screw and makes me feel pretty [G] coo coo

[B7] Maybe you've got diaper rash or colic, too
[C] maybe there's a new tooth that is bugging you
[D] Maybe you just realized this is not the world you [G] want to be in

Is it an [B7] existential crisis you're going through?
[C] You're pretty young for that, but maybe it's true
[D] Maybe you should try some mindful medi-[G]-tation
