

## I've Got No Problem - Stumpy, FLASH

(This is pretty approximate to what I recorded - will try to clean it up in the fullness of time)

[E] Honey, I've got no [E7] problem / [A] Saying I'm a bad [E] player  
[E] But Honey, just [E7] imagine / [A] How much worse I could [E] be

[E] Honey, look in my [E7] eyes / [A] tell me, what do you [E] see?  
[E] Honey, I can't [E7] imagine / [B7] Without you [A7] who would I [E] be

[E] Sometimes the [E7] wind blows / [A] Sometimes it [E] won't  
[E] Sometimes, I [E7] know my name, and / [B7] Sometimes I [A7] really [E] don't

[E] Sometimes I lie [E7] awake at night / [A] Sometimes [E] I sleep  
[E] Never are my worries [E7] so far away / [B7] that I might not break [A7] down and [E]  
weep

[Whistled or solo instrument verse]
