

Nail It, Stumpy FLASH (a little bit of a country swing)

You did not [C] nail it, you did not reach your goal
[F] Everybody's raising, you decided to fold
[G] You didn't show much grit, you didn't show much soul
[G] You did not [C] nail it (You did not nail it)

[C] You did not nail it, you did not drive it home
[F] now you're crying to yourself, now you're all alone
[G] They're talking all about you, 'stead of talking to
[G] You did not [C] nail it (You did not nail it)

[D7] Such a simple thing that you wanted to do
You [G] wanted to be seen, to be [Gdim7] part of the [G] crew
But [D7] you couldn't find your nerve, you didn't come through
You did not [G] nail it, ([Gdim7] you did not [G] nail it)

[G] You did not [C] nail it, you did not punch your weight
[F] You didn't take your chance, now it's feeling too late
[G] You hoped you were a big fish, but you're just chum bait
[G] You did not [C] nail it (You did not nail it)

[Solo on the verse chords]

[C] You know every now and then a person fails to rise
[F] But then they try to come back, take a shot at the prize
[G] I'm searching your face, is there a spark in your eyes?
[G] Oh, will you [C] nail it (Will you nail it?)

[D7] Such a simple thing that you want to do
You [G] want to be seen, to be [Gdim7] part of the [G] crew
But [D7] you gotta find your nerve, you gotta come through
You've got to [G] nail it, ([Gdim7] you've got to [G] nail it)

Oh will you [C] nail it, will you reach your goal
[F] When everybody's raising, will you fold
[G] Or will you show your grit, will you show your soul
[G] Oh, will you [C] nail it (Will you nail it?)

[G] Will you show your grit, will you show your soul
[G] Will you [C] nail it (Will you nail it?)
