

Opened Eyes    Jed Rivers

Bm

As we were looking through your window

G

you revealed what you saw

Bm

You opened up my eyes

G

And picked me up off the floor

Bm

I hadn't seen refracted light

G

I hadn't seen the hues

Bm

I hadn't heard the colors sing

A

Bm

I hadn't known the blues

I thought I looked with open eyes

But the shadows kept me blind

My vision was diminished

I was looking with my mind

The only images I could grasp

We're the ones that I had known

The ones that kept me in myself

I had built to stay alone

D

You opened my eyes,

A

You opened my eyes

D

A

You taught me to see

Bm

opened up my eyes

G

You opened my eyes

A

Bm

You taught me to see again

The blinders are now off

The colors clear and bright

The passage way has lead me

To the daylight from the night

I can see again with eyes anew

I can see with new delights

I can focus on what's right in front

I can see the present sights

D

You opened my eyes,

A

You opened my eyes

D

A

You taught me to see

Bm

opened up my eyes

G

You opened my eyes

A

Bm

You taught me to see again
