

Cold Cold Night

C **E7** **Dm** **D7**
Yeah they told us to pack all the blankets

G **G7** **Em7** **G7**
Better throw in more firewood too

C **E7** **Dm** **D7**
Cause that cold wind blows through your bones

G **G7** **C** **G7**
There's no guarantees we'll make it through

Em7 **F**
It might be a day of nothing but walking

G **C**
It might be night with nobody talking

C **E7** **Dm** **D7**
It's gonna be a cold cold oh such a damn cold night

G **G7** **C**
We're gonna hold this family tight

C **D7** **Dm** **D7**
It's a lonely road up the mountain

G **G7** **Em7** **G7**
And you can see out past the state line

C **E7** **Dm** **D7**
There's another storm gathering anger

G **G7** **C** **G7**
But you tell the kids we're gonna be fine

Em7 **F**
Does it mean it's wrong if nobody's near it

G **C**
Well is this still a song if nobody hears it

C **E7** **Dm** **D7**
It's gonna be a cold cold, oh such a damn cold night

G **G7** **C** **G7**
We're gonna hold this family tight

C **E7** **Dm** **D7**
It's gonna be a cold cold, oh such a damn cold night

G **G7** **C**
We're gonna hold this family tight.
