

I Will Sit in Silence, Jed Rivers

Vs.1:

A

If you say I said that

D A

I guess it's what you heard.

You mangled my intentions

D E

And screwed with all my words.

A

The conversation went so fast

D A

the flight of many birds

A

To hear it all again today

D E

And choose the words preferred

Chorus:

D E

I will sit in silence

D E

I'll and stand with open ears

D E

To contemplate the quiet night

G A

As the dawning nears

Vs2:

Our words are chosen loosely

If they're chosen words at all

They are spit out unintended

As they slid right down on the wall

Quietly I come upon

A sentence barely spoke

And dream I use quite different words

That whisper as if smoke

Chorus:

I will sit in silence

I'll and stand with open ears

To contemplate the quiet night

As the dawning nears

Bridge:

G A

I hear you calling from the highest hills around

G A

Intonations mingling with the rain

G A D

Your voice reminds me of a long and lonesome sound

A

of the midnight train

Chorus:

I will sit in silence

And I'll and stand with open ears

To contemplate the quiet night

As the dawning nears

As the dawning nears
