

Yes, I bought that book - Stumpy, FLASH Aug 2024

(Another improv, transcribed from recording)

Yes, I bought that book
The man on YouTube made it sound enticing
Yes I bought that book
All the smart commentators
Made it sound so good

Bored the shit right out of me
Couldn't get past the first chapter
Bored the crap right out of me
Made me doubt whether I was very smart

Yeah, I bought that book
(Oh, yeah, yeah, I bought that book too...)
No one talks about
How it ends because no one actually gets there

Bored the crap right out of me
I guess I'm just not smart enough
To really appreciate the complexities of
What the author was trying to communicate to me

Communicate to me...

Was he trying to communicate anything to me?
Or was he talking to four or five buddies
Who got high together in their third year
At some fancy-ass college

Bored the crap right out of me
Now I'm going back to read something else.
